## Warwickshire's new Living Well with Dementia website

Warwickshire County Council has launched a brand new website [warwickshire.gov.uk/dementia](http://warwickshire.gov.uk/dementia) to support people living with Dementia in Warwickshire.

The website is designed for people with dementia, their carers, family and friends as well as practitioners supporting people with dementia and organisations who would like to know more about becoming dementia friendly.

The new website is easier to navigate and includes a new support and services map to enable people to search for dementia services in their local area.

Warwickshire County Council's Public Health and Strategic Commissioning and Communications team have developed the website based on local consultation and best practice guidance.

Cllr Les Caborn, Warwickshire County Council's Portfolio Holder for Health, said: "The new website is a positive step in improving help and support for people living with Dementia in Warwickshire. The new map enables people to find local services and support to help them to live well with dementia. Warwickshire County Council and partner organisations have been instrumental in raising awareness of services available to support people to live well with dementia."

Cllr Alan Webb, Warwickshire County Council's Chair of the Adults, Social Care and Health Overview and Scrutiny Committee added: "We are keen to do more to create a more Dementia Friendly Warwickshire and would encourage individuals and organisations to visit the dementia website to find out more about how they can become more dementia friendly."

An Alzheimer's Society report found that almost half of people interviewed thought that dementia-friendly areas would be nicer places for everyone to live and so creating dementia friendly communities across Warwickshire has the potential to be positive for many people living in Warwickshire.

The website was launched as part of Warwickshire's refreshed [Living Well with Dementia Strategy \(2016-2019\)](#).

# Children and Youth Services Event

Community Action Network (CAN) meetings provide a regular forum for local community groups and voluntary organisations to meet, inform and support one another, they also give you the chance to collectively 'have your say' and help to shape and influence local decision making.

For the first CAN of 2017, our focus is on Children and Youth Services. This will be a good opportunity for you to find out about the work currently being undertaken with children and young people in Warwick District and to learn about some of the issues they face.

We will also be letting you know how Warwickshire Community and Voluntary Action can offer support to organisations and group around safeguarding and funding.

After the meeting, there will be a free lunch which you can enjoy whilst networking with your colleagues or attending the 'Market Place'.

If you would like to attend, please book a place using the Eventbrite link below:

## **Help Hampton Magna purchase a community Defibrillator for YOU to use in a lifesaving moment.**

My name is Andy Allsopp, a Paramedic Officer for West Midlands Ambulance Service who lives in Hampton Magna. I am writing to show the importance of an Automated External Defibrillator (AED). I'm sure you've all heard of them as many communities and work places have acquired them and have trained personnel in the use of the device. Currently Hampton Magna doesn't have one. Which in a case where someone from the village or surrounding area was found in cardiac arrest, there would be a wait for an Ambulance until defibrillation could be performed.

There is around a 5% chance of survival in an out of hospital cardiac arrest with just CPR (chest compressions) alone. However, an out of hospital cardiac arrest with CPR and an AED makes it around a 50% chance that the heart can be re-started.

I'm planning to fund raise to get the village an AED and external heated cabinet to be available to ANYONE in the village or surrounding area who requires its life saving use. The cabinet will be placed on an external wall at the community centre with a code which can be gained by calling 999.

My fundraising idea is to take an aerial photograph of Hampton Magna in celebration of 50 years and sell them for £5 each. I will also be available to take personal aerial photos of your property, starting from 6x4 photo @ £25 each. 7x5 photo @ £28 each. 8x6 photo @ £30 each.

Orders can be placed for the Budbrooke area at [hamptonmagnaAED@gmail.com](mailto:hamptonmagnaAED@gmail.com). Please state your **name, house number, road name** and **colour of front door**. Money can be paid to any of the Budbrooke community centre team or via paypal or debit/credit card at [www.justgiving.com/crowdfunding/hamptonmagnaAED](http://www.justgiving.com/crowdfunding/hamptonmagnaAED). It is extremely important you state in the email that you have paid via this route and even more important that you provide the information required above so that the photo shot can be arranged. However, if you do not want a photo and wish to contribute to the AED purchase, you can do so at the same website.

Hopefully we can raise more than the £1200 required to provide the village and surrounding area with the lifesaving equipment and cabinet. I know that if my Wife or Son were to have an out of hospital spontaneous cardiac arrest, I would want an AED available to give them the 50% chance of survival. Wouldn't you?

Thank you.
