How we spend your money?

Budbrooke Parish Council raises money annually via a precept for running costs, maintenance and improvements to the parish. In addition, a levy has been raised by Warwick DC on the new developments at Arras Boulevard and Daly Avenue. Budbrooke PC receives some of this money, the Community Infrastructure Levy, incrementally in April and October while development continues, but there are restrictions on how and by when this can be spent.

When the Neighbourhood Development Plan was being written the Council asked people what they saw as priorities for the community/parish. This short article is to let you know that the Council is going to do this again, making reference to previous responses, so that there is an Up-To-Date position taking account of changes, new residents and ideas. Our Next Newsletter, in June will have a 4 page pull out questionnaire for you to complete and return. Alternatively an online version will be available via the Council's website and Facebook Pages.

Wildflower Projects

As a resident of HM for over 17 years, I was excited to see a request for wildflower projects in the newsletter last year. I responded, and am really happy that we are going ahead with one of the ideas - a wildflower area in the circle that incorporates the 'Budbrooke Barracks' sign.

This means digging up the gravel that makes up the circle currently and replacing it with compost made from the recycled contents of our green bins!

Onto the wildflowers. In memory of the former barracks, the idea is that the flowers match the colours of the Royal Warwickshire Regiment. These are royal blue and orange, and rose and primrose.

The parish council has paid for an order of £360 of native wildflowers to fill the 40m² area including knapweed, periwinkles, deptford pinks, wild camomile to name a few! I have crocosmia bulbs for the orange and some lavender and rosemary for smell and structure. These should be ready to plant in the early summer so the gravel area needs to be ready to accept them by the end of April.

This will be a work in progress. Over the next 2 years, as flowers grow to fill the space, we can work out which flowers work well and which don't! I am not a gardener, just someone who loves flowers.
