

Dear Customer

**Re: A46 Warwick Bypass resurfacing advanced notification.**

We'll be resurfacing the A46 northbound between M40 junction 15 and the A46 at Leek Wotton / Gaveston junction.

**When will this work take place?**

Our work is likely to take place between **26 July 2021** and **12 September 2021**. During this time, we'll work using a combination of lane closures, full carriageway closures and 24/7 contraflow.

**What does this mean for you**

Whilst we work at this location, please expect long delays and avoid the area if possible. Alternative routes can be found using M40, M42 and M5, or M1 and M45/M6.

We'll write to customers again over the next few weeks with further information regarding our works.

Yours faithfully  
Isabel Maxwell  
Assistant Project Manager
